Subject: Ottawa office closure

Former Ottawa office patients:

The Ottawa office of Advance Chiropractic at 104-2255 Carling Avenue closed permanently December 31, 2011. The Merrickville office is open if you wish to use my services at that location. In the case of my eventual retirement from chiropractic, you will receive no further notice.

I recommend to you the following chiropractors for your continued care:

- Dr. Eric Jackson: Wellness House, 148 Richmond Rd., Ottawa, ON, K1Z 6W2, (613) 722-7799.
- Dr. Jann Thulien: Clyde Chiropractic, 216-1400 Clyde Ave., Nepean, ON, K2G 3J2, (613) 723-7181.
- Dr. Dennis Tondreau: 4405 Innes Rd, Orleans, ON, K1C 1T1, (613) 830-8919.
- Dr. Kristopher van der Veer: Core Chiropractic and Performance Centre, 106-1637 Woodroffe Ave., Ottawa, ON, K2G 1W2, (613) 695-0266.

I consider these chiropractors to have the highest professional skill and ethics. They have told me that they are willing to take on new patients. Please note that all chiropractors differ in their techniques and styles of practice. I recommend that you contact them to discuss your needs.

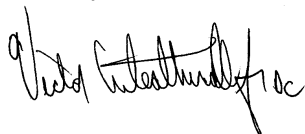

What you need to know about your chiropractic records:

- I will retain your records for a minimum of 7 years following the date of your last visit. If you were under 18 years of age on your last visit, I will retain your records for a minimum of 7 years plus the time it takes for you to reach 18 years of age.
- If they are available (as described above), you can obtain copies of your patient files; however, there will be a fee for reproducing the files to reflect the time and expense of the effort.
- If you wish to sign out your existing x-ray films or CD-ROM, please contact me.
- I will maintain updated contact information with the College of Chiropractors of Ontario (<http://www.cco.on.ca> or telephone 1-877-577-4772).

Please contact me if you have custom foot orthotic warranty issues or questions.

It has been an honour to serve you. I apologize for any inconvenience and I hope you will continue to make chiropractors a part of your health care team. Please contact me if you have any questions.

Sincerely,

Vic Weatherall, DC
